

***“Picture Perfect?: The Dearne Community Story Trail”***  
is the Dearne Community Arts’ Festival’s community art project for 2023.

It’s a combination of the visual and the aural, helping you see and hear the stories of Goldthorpe, Thurnscoe and Bolton-upon-Dearne.

You’ll find selfie boards celebrating key locations and groups in the area, and you can scan QR codes on your smartphone to hear the stories behind those locations and groups.

DCAF is all about championing creativity and celebrating community, so we wanted to leave a legacy of beautiful boards which can provide photo opportunities for local people and visitors to celebrate our area and to echo the motto ‘Love Where You Live.’

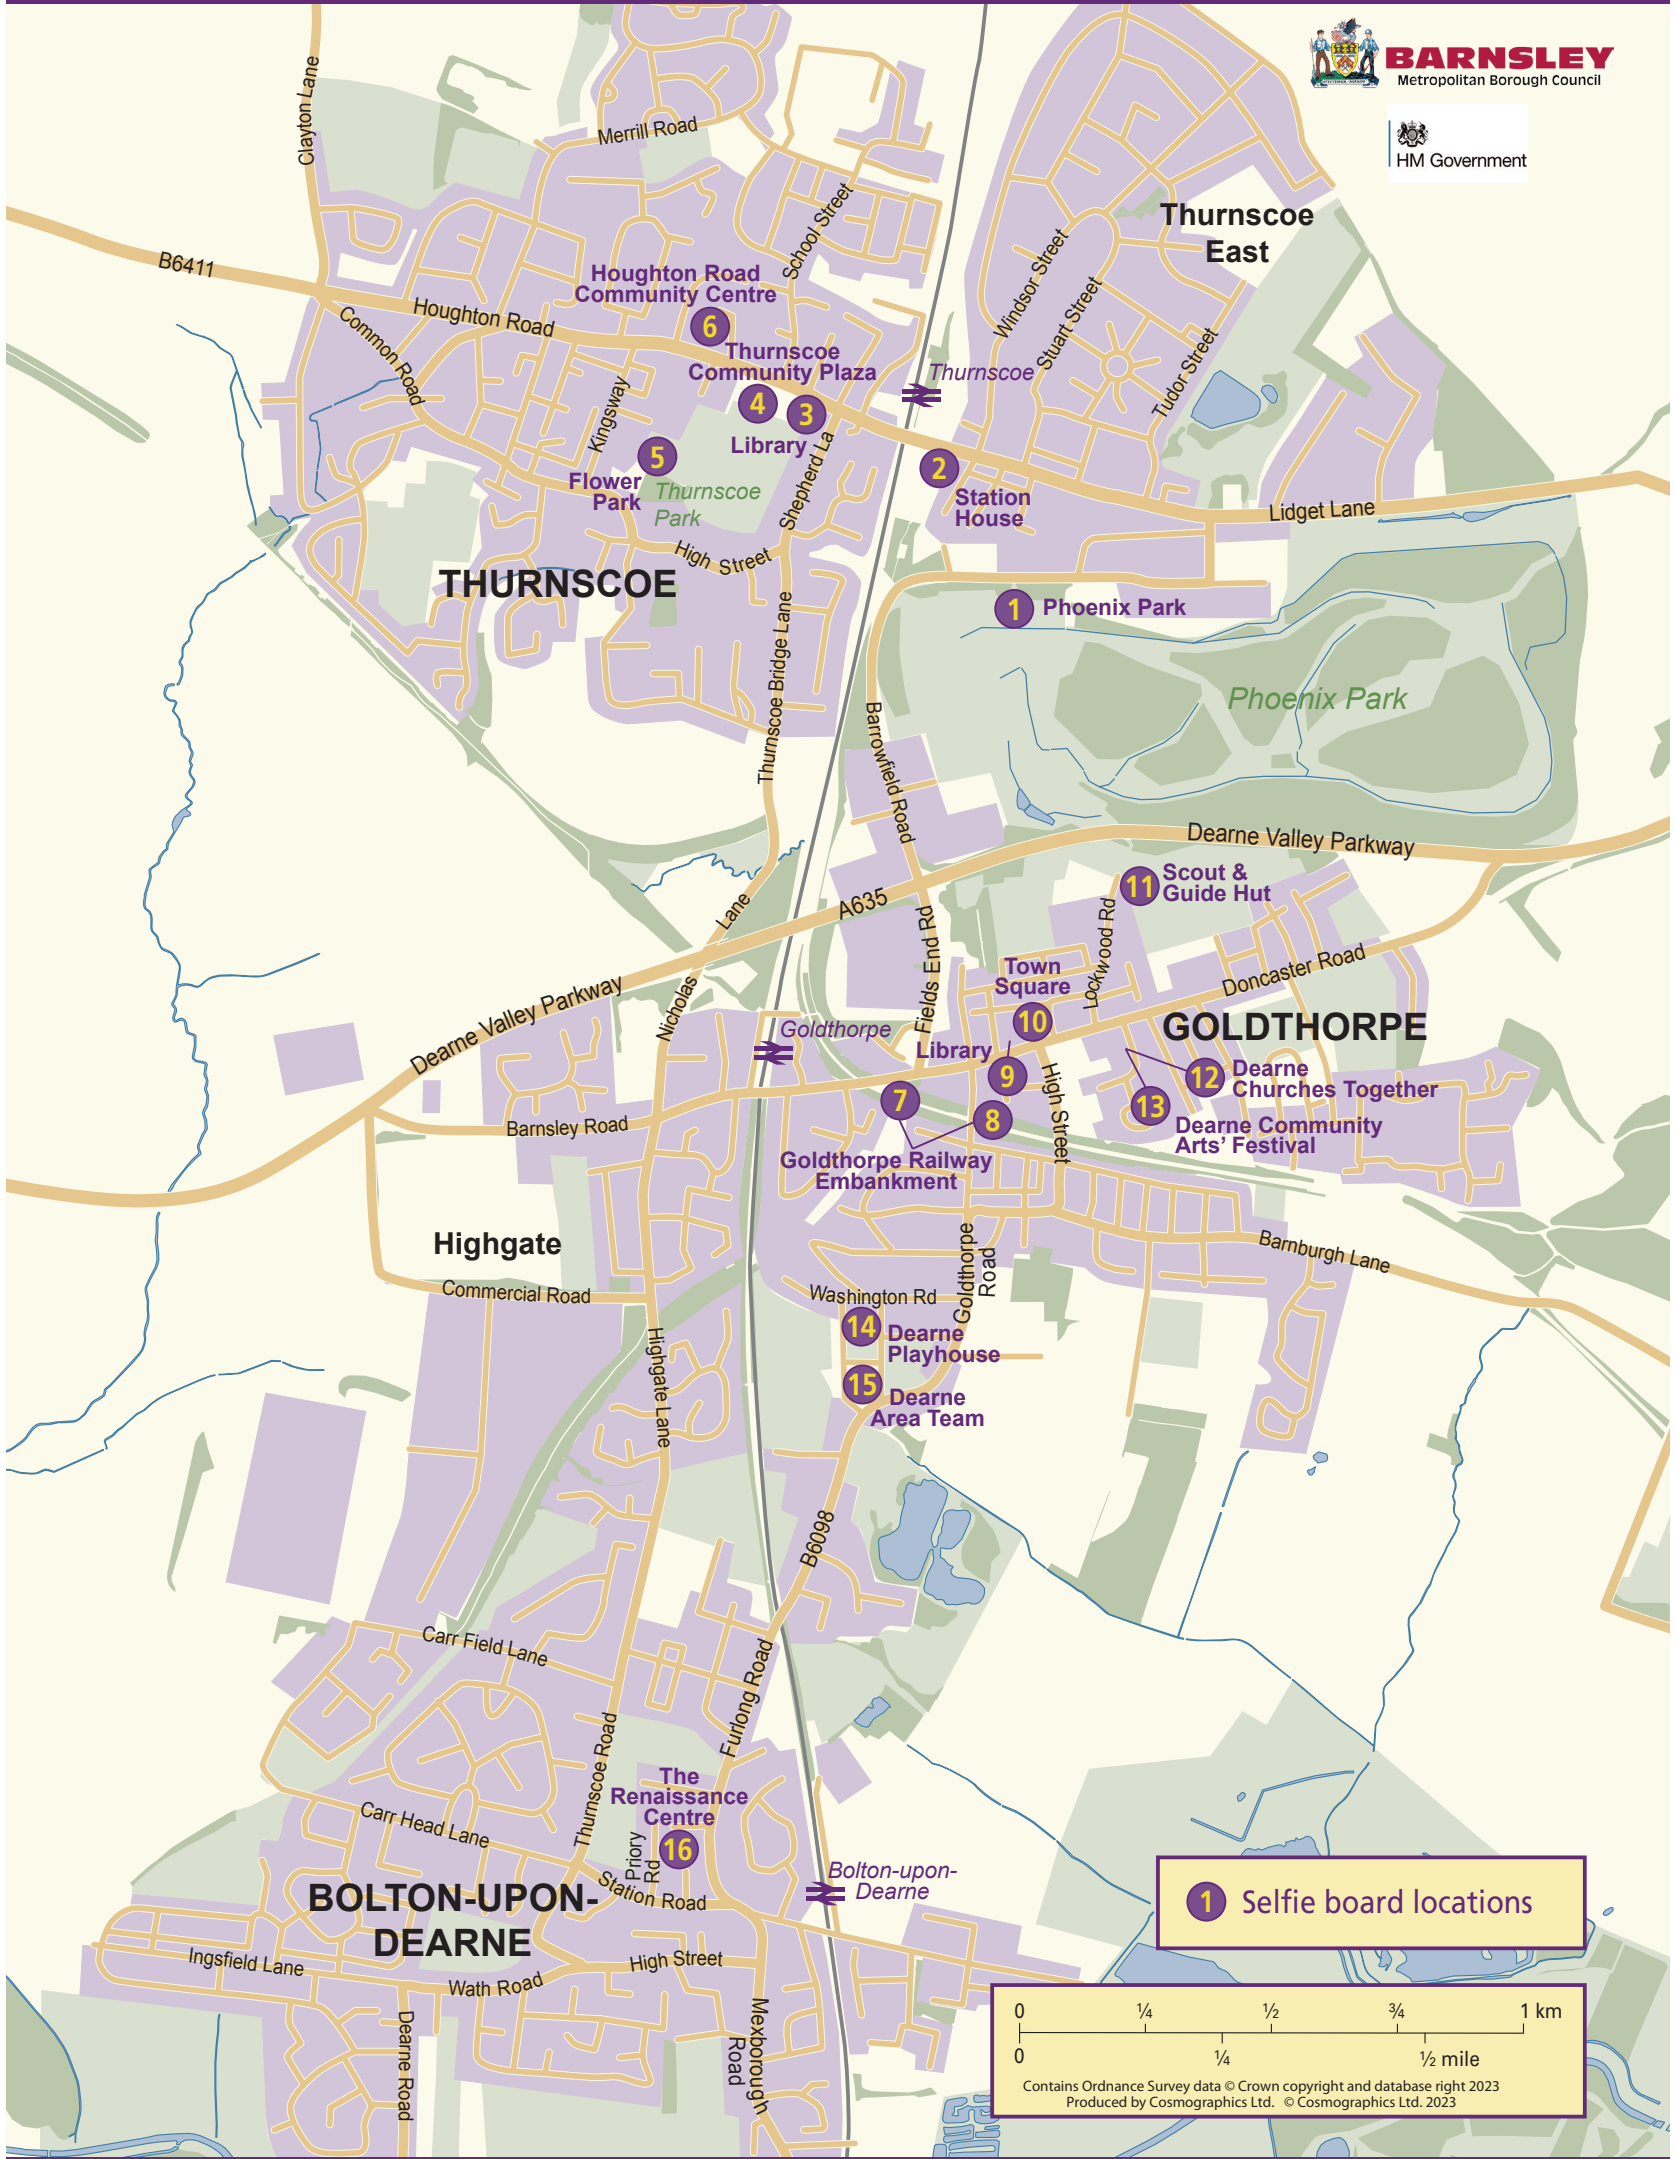

DCAF (founded in 2017) wants to bring beauty from ashes in our local area and invites you to explore this story trail by visiting key locations and taking photos wherever the boards can be found.

Some are permanently installed outdoors. Others are inside buildings and so only visible when the buildings are open. Some are portable and may perhaps only be viewed by prior arrangement. Locations and groups marked with an asterisk (\*) may be seen only by prior arrangement. The selfie board locations are listed overleaf.

Our thanks to artist Lydia Caprani, storyteller Rebecca Dye, members of local groups and local residents and to the committee of the Dearne Community Arts’ Festival for their help with this project, which was funded through the UK Government’s Towns Fund through the Goldthorpe Towns Fund Board.
